**PREM HEALTHCARE
SUPER SPECIALITY &
CANCER HOSPITAL**

50 Years of
Service
Excellence

With a proud legacy of 50 years, Lala Harbhagwan Dass Memorial & Dr. Prem Super-Speciality & Cancer Hospital (Prem Healthcare) has been a trusted name in healthcare. Today, this heritage meets cutting-edge medical technology to deliver world-class, patient-centric care.

"It is a privilege to witness LHDM & Dr. Prem Hospital complete 50 years of unwavering service to the people of Panipat, adjoining districts, and Western Uttar Pradesh. From humble beginnings to becoming a premier institution in Haryana, our journey has been defined by a deep commitment to excellence, compassion, and continuous innovation in healthcare.

TRANSFORMING LIVES WITH TRUST, TECHNOLOGY & EXCELLENCE.

Equipped with state-of-the-art infrastructure, advanced diagnostic systems, and a team of over **100** dedicated professionals, including **30+** renowned specialists, we offer super-speciality services across key medical disciplines. Our commitment to clinical excellence ensures timely, precise, and effective treatment, making us the region's preferred choice for trauma, neurosurgery, oncology, cardiology, and complex surgical cases.

Our vision is to make the latest medical advancements accessible and affordable to all. Through strategic partnerships with leading corporates, government bodies, and insurance providers, we extend seamless healthcare solutions to a diverse patient base.

With the advanced Nuclear Medicine, Cardiothoracic Surgery, and Hip Replacement departments, we continue to push the boundaries of innovation in healthcare.

At Prem Healthcare Superspeciality and Cancer Hospital, we go beyond treatment - we transform lives with trust, innovation, and excellence.

Dr. Prem Kumar
Founder - Prem Hospital

Over the years, we have grown from strength to strength, embracing the latest advancements in medical technology to provide tertiary care of the highest standards. Yet, our mission remains to ensure that both the privileged and the underserved receive accessible, affordable, and world-class healthcare.

Our vision is clear: to be a truly advanced, state-of-the-art hospital delivering comprehensive, coordinated, and compassionate care to every patient, every time. We are dedicated to enhancing patient satisfaction, continuously training our medical teams, and upgrading our infrastructure to meet the evolving needs of modern healthcare.

As we step into the future, we reaffirm our commitment to serving humanity with integrity and excellence, ensuring that Prem Healthcare Superspeciality and Cancer Hospital remains a beacon of trust and healing for generations to come."

MAKING WORLD-CLASS HEALTHCARE AFFORDABLE & ACCESSIBLE
